

No Roots?

Cynthia Overton
DEMS
13 September 2018

I am Wendish (also known as Serbs) – a nomadic group that is from modern day eastern Germany going north to the Baltic Sea.

Escaped religious persecution and mistreatment
via the Ben Nevis and traveled to Texas.

Settled in Serbin, Texas.

The nomadic Wendish keep their roots
with family, friends and traditions.

Although we seem to have no roots,
we have very long, deep roots.
